## CHANGES TO DISTRIBUTE TAX BURDEN

BY W. H. ATKINS  
(STAFF CORRESPONDENT L. M. SERVICE)  
WASHINGTON, Dec. 8.—Tax changes that will better distribute the tax burden, but not reduce government revenues were recommended to congress today by Secretary of the Treasury David F. Houston in his annual report.

The revised tax program, outlined by the secretary, strikes at the rich who escape liability to tax from securities or in over-capitalized corporations. His proposals aim to equalize the tax burden to partnerships through a more severe application of tax penalties upon the wealthy who cloak their profits in "stock dividends" which are non-taxable.

The need of the hour, Houston said, is the repeal of the excess profits taxes, readjustment of surtaxes and the adoption of some sort of sales or "consumption" taxes upon certain luxuries.

Proposed revision, he urged, must be made to keep the level of government revenues up to at least \$4,000,000,000 through the fiscal year 1923, and possibly a longer period. The secretary termed "reduction of taxes" as an utter impossibility, not compatible with national security. He intimated that present scales of taxes may not even be sufficient to meet the demands of the future.

"Any scheme which would yield for several years to come less than \$4,000,000,000 a year would be incompatible with safety and sound finance," said the secretary.

"And the country should face the fact that present taxes even may not in the future be relied upon to yield the needed revenue."

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels removing all the acids, waste and poison, and you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is an expensive harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.
